

Lane from the Railway bridge at the bottom to almost the top where it meets the roundabout with Hanmore and Crockford Lane. This order is for 6 months and will be reviewed, no doubt the Police and the Sherfield Park Speedwatch team will be very active during this time. I am saddened that the Critical Care Hospital has been scrapped but hope this will allow the CCG to focus on the need for better GP Health facilities especially our own Chineham Medical Surgery. May I wish you all a Very Happy Christmas and a Prosperous New Year.

County and Borough Councillor Elaine Still

Cllr. Still had requested that Parish Councillors provide her with their comments on a proposed uncontrolled crossing with a central island on Reading Road (between the two bus stops close to the entrance to Simons Road). It was acknowledged that the Clerk had collated the responses and passed them to Cllr. Still.

Borough Councillor Paul Miller

Cllr. Miller provided the following report which had been circulated to Parish Councillors prior to the meeting:

This time last year I mentioned that the Basingstoke & Deane Local Plan had been adopted and we stressed at every stage that the concerns of existing residents and the interests of our communities were the prime considerations. One point causes continued concern for us and that is the integration of these new development sites into our existing infrastructure and facilities especially the question of access by other means than by car. Since the Local Plan came into force we have seen several sites having their outline and full planning applications approved. However, we at the Borough council are becoming increasingly nervous that there are three areas where essential community services have either been failing now or not planned to account for the Local Plan developments. These areas are: provision of sufficient Primary and Secondary levels of Healthcare (CCG); adequate highway provision (Hampshire Highways) and; properly planned education provision (Hampshire LEA). Often we receive no or very late reaction from these mandatory consultees and we, as your Ward Councillors are exerting as much pressure as possible to correct this situation.

The report was received and noted (Appendix A).

CVHMC

Cllr. Les Fryer informed members that £3,500 had been spent on the playground and it was hoped that the Health and Safety matters had now been addressed.

7. To receive an update from the recent Basingstoke District Association of Parish & Town Councils (BDAPTC) and Clerks' Liaison meetings and then to agree a response to the Budget Consultation from Basingstoke & Deane Borough Council – Medium Term Financial Strategy 2018/19 – 2021/22.

The Clerk informed members of the discussions at the recent Clerks' Liaison meeting about the proposal in the budget that Parish Councils should pay for by-elections and the method by which the Borough Council would recoup the costs in the following year. Following a discussion, Cllr. Steve Oakley proposed and Cllr. Ginny Wright seconded a motion and it was unanimously agreed that the Parish Council should respond to this item in the consultation. The Parish Council is concerned that not all Parish Councils are the same and this broad brush approach might influence the decision to hold a by-election thereby making the process undemocratic.

ACTION POINT: CLERK TO RESPOND TO CONSULTATION/WHEN BUDGET IS AGREED BY BDBC CHECK WHETHER THE ITEM RELATING TO BY-ELECTIONS WAS INCLUDED & REPORT IN CHINEHAM CHAT ARTICLE

Cllr. Les Fryer advised members that at the recent BDAPTC meeting, as well as discussions about the Budget Consultation, concerns had been raised about the new General Data Protection Regulation coming into force in May 2018. 9. To agree a response to the Consultation from the Local Government Boundary Commission for England on the Council Ward Boundaries for Basingstoke & Deane.

Discussions on this item were delayed until Cllr. Paul Miller joined the meeting. Cllr. Miller advised members that the objective of the Boundary Commission is to reduce the number of Ward Councillors by 10% (from 60 to 54). It is intended that each Ward will have three members and so it is unlikely that the Chineham Ward will change. It is likely to affect the rural wards more than the urban wards. At a recent meeting with the Boundary Commission, the issue of new developments was raised. The Boundary Commission are only looking to 2023 despite the Local Plan being in place to 2029. Following these discussions, Cllr. Steve Oakley proposed and Cllr. Sue Fuller seconded a motion and it was unanimously agreed that at this stage the Parish Council had no comment to make on this consultation.

10. To note the current financial situation.
